2. VISION AND GLOBAL EXPANSION

SWEETPLATE AIMS TO BUILD A GLOBAL FOOD EMPIRE WITH:

3,000 PHYSICAL OUTLETS

LAUNCHING ACROSS 120 COUNTRIES AND MAJOR CITIES WORLDWIDE

A SEAMLESS UNIFORM EXPERIENCE, WHETHER CUSTOMERS WALK IN, ORDER ONLINE, OR USE MARKETPLACE PARTNERS.

EACH NEW CITY SWEETPLATE ENTERS BECOMES A HUB OF FAST DELIVERIES, SIGNATURE MEALS, AND A STRONG LOCAL PRESENCE.

3. THE SWEETPLATE APP (THE DIGITAL CORE)

More than a regular food delivery app, Sweetplate is designed as a full digital ecosystem with:

A. 24/7 Food Delivery & Logistics

Real-time order tracking

Fast dispatch system

Multi-city scalability

Partner onboarding for restaurants and chefs

B. Sweetplate Marketplace

Local meals

Premium fast-food options

Grocery, snacks, drinks, and essentials

C. Unified Customer Profile

A single account works across:

Physical restaurants

Home delivery

Online orders

Subscription plans

4. DIGITAL INNOVATION & BLOCKCHAIN ECOSYSTEM

Sweetplate introduces a new era of food commerce by merging food delivery with real-time financial value through blockchain tokenisation.

A. Sweetplate Coin (SPC)

SPC is the platform's native utility token enabling:

Reward system

Loyalty points replacement

Daily earning system for users

Community growth incentives

B. Earn While You Eat

Customers earn SPC tokens when they:

Order food

Refer friends

Participate in promotions

Use the Sweetplate app daily

This makes Sweetplate the first global food brand where eating gives financial value.

C. Staking Program

Users can stake their SPC to earn:

Daily rewards (APY-based)

Bonus tokens

Exclusive restaurant discounts

Access to premium features

The more Sweetplate expands city by city, the higher the liquidity and real-time value growth of SPC due to increased transaction volume.
